California Growing

Evidence of development of the State is given in the reports for the fiscal year of the county assessors to the State Controller. Impressive gains are recorded in most counties over the figures of a year ago and the sum total will show a gain of many millions in taxable property in the State.

Bond elections have been held in a number of cities and towns and in every case the voters have declared for civic improvements.

Unabated activity marks railroad extension progress throughout California. Of especial moment is the application for franchises, and the assurance of prompt prosecution of the work, for the electrification of the Alameda suburban service in connection with the ferry to San Francisco, a work that will involve the expenditure of over two million dollars. Almost at San Francisco's gates is the new trans-continental railroad, which has now reached San Leandro, Alameda county. That little known county of Modoc, one immense productive potentiality, will be brought within better reach of markets for its products through the connection of its county seat, Alturas, with the main line; on this extension, work has been progressing steadily.

During the past month early sessions of a number of influential national and international conventions have been invited and have been secured for San Francisco and Los Angeles. These will bring thousands of visitors to the State, which will derive much good as a result of their sojourn.

Uncle Sam has been doing his share for the upbuilding of California as indicated in reports received by The California Promotion Committee. Material improvements are under way at the various forts and reservations around San Francisco Bay. On Angel Island the new Immigration Station is approaching completion. Equipped in most modern manner, advantage has been taken of past experience at similar stations at other ports to avoid mistakes.

As the season advances the earlier predictions of bumper crops in all lines hold good. The exceptions are the prune crop, which will be little more than a third of last year's crop (which was extra heavy) and the raisin crop, which was, to a slight extent in some districts, damaged by warm weather.

In The Bankruptcy Court.

Bankruptcy proceedings have been instituted in the United States District Court in San Francisco by the Murayama Bros., who conduct a Japanese store in Santa Rosa. They give their liabilities at \$8,003.99, and assets at \$5,094. Louis Banucci, a Shellville merchant, with liabilities of \$1,606.70, and asset of \$100 has taken similar action. W. W. Hanks, of Sebastopol, has also filed a petition to be declared a bankrupt.

The Mineral Output

The output of California industries devoted to the production and utilization of mineral structures during the last year aggregates \$9,225,000, an increase of \$1,366,000 over the value of the same kind of products in 1906. The quarrymen and workers in clay in 1907 added as much wealth to the state as did the petroleum wells of the state in 1906, when petroleum was the second mineral product in commercial importance. State Mineralogist Anbury says that these figures strongly confirm his earlier forecast that the mineral production of the state will for 1907 be found to exceed \$5,000,000. All the returns for the last year are not yet in.

Diarrhoea Cured

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Zirkle of Philippi, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, although sixty years old, can do as much work as a young man." Sold by L. S. Simmons.

Superior Court Notes.

Judge Seawell called the calendars for both departments of the Superior Court on Monday. A resume of the proceedings is as follows:

The will of George P. Wilcox was admitted to probate and G. W. Long was named executor with bonds fixed at \$4,250.

A sale of realty and personality in the estate of Melvina Von Grafen was ordered on petition.

Minerva Maddux was named administratrix on the estate of Joseph Maddux, in a bond of \$800.

The final account was settled and distribution ordered on the estate of H. C. Ottmer.

Frank L. Blackburn was named administrator on the estate of Cha. Monico.

A sale of realty and personality of the estate of Leon Hendricks, a minor, was confirmed for \$845.

Mary Llewella Hyde was named administratrix on the estate of Phillip Hyde, in a bond of \$880.

Henrietta Leopold was named administratrix on the estate of J. H. Leopold, in a bond of \$540.

The final account was settled and distribution ordered of the estate of Leopold Maionchi.

The probate matters continued: Estate of Juliet Tomasini, to August 17; Estate of John Pleyte, to August 24.

Default was entered in the suit of Laura J. Rhea vs. J. L. Rhea, and the trial was set for August 17.

All parties were granted an extension of time for three weeks from date to prepare a bill of exceptions in the suit of Cordano vs. Wright, et al.

The order of submission was set aside and the plaintiff was allowed twenty days to file an amended complaint in the suit of Henry Fox vs. L. J. Hall et al.

These matters were continued: Ida Anne Gotzsch vs. Albert Henry Gotzsch, and Brockway vs. Olmsted Company to August 17.

The suit of Hamilton vs. Wilson was continued to September 14.

Democratic Primaries

A Democratic primary election will be held throughout the county on Wednesday, August 19, and the county and district conventions on August 26, 1908.

GENERAL NEWS NOTES

The population of Chicago is now 2,424,000.

The Depositors association will shortly sue the stockholders of the defunct California Safe Deposit and Trust Co., to recover the sum of \$5,250,000.

Attorney Edwin Smith, eldest son of Mr. R. Press Smith of Santa Rosa was married in New York City on August 2, to Miss Annie Kruger of that city.

The State Board of Harbor commissioners have let the contract for a large fire proof wharf in the metropolis. It will cost \$303,400 and when completed will be the largest and finest wharf on this coast.

With little ceremony other than the rap, rap of hammers on spike heads, the clapper of falling ties and the ringing of rails the western Pacific crossed the eastern limits of the city and entered Oakland Friday.

At the Democrat State Convention held in Wallace, Idaho, on Thursday week, John L. Sewell, formerly of Santa Rosa, a cousin of Superior Judge Emmet Seawell, was nominated for Congress by the anti-Dubois faction of the convention. Seawell has been a member of the State Assembly for several years and has made a good record as such.

One of the recent claims of scientists is that if sugar is supplied plentifully an appetite for alcohol will not be created. Farm life affords many luxuries improved by the liberal use of sugar; and if its use will curb the craving for alcohol, the fact should be kept at the front. Anyway, sugar is cheaper and more wholesome than meat, and if, as is claimed, the taste depraved by alcohol spurns it, the chance of preventing other tastes from becoming so perverted is worth the trial.—American Farm World.

Our Best Fertilizer

Intelligent and successful tillers of the soil the world over, have always recognized the folly of allowing their land to become impoverished and have been constant users of good fertilizers.

It will therefore be of interest to the farmers generally to know that the cheapest and best fertilizer in the world to day is nitrate of soda found in Chili, S. A. It has been repeatedly proved that the use of from \$2 to \$3 worth of nitrate to the acre has produced an increase in the crops of from 70 per cent to 300 per cent according to the soil and the crop raised.

The greater yield that comes from the use of nitrate of soda, far exceeds the expense and labor of putting it on the land.

Mr. James A. Landsborough, a former well known citizen of this valley, is an expert on the use of nitrate, and will cheerfully and freely furnish any information desired on the subject. He has about twenty tons of the nitrate on hand now and more shipments are being made each week.

For full particulars as to prices, etc., call on or address James A. Landsborough, importer and wholesaler and retail dealer in nitrate of soda, Shellville, Sonoma Co., Cal.

National forests of California aggregate about 22,878,753 acres of which the Sierra Forest is the largest with over 5,000,000 acres.

A Faithful Friend

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy forever thirty-five years he knows its value and is competent to speak of it. For sale by L. S. Simmons.

A large tract of land near Pixley, Tulare county, has been sold to an eastern syndicate to be planted entirely to eucalyptus trees.

Catarrah Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrah. Send for testimonials free.

Take Hall's Family Pills for constipation.

A. E. Sondag, the Tailor.

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

New Running

The schooner "Four Sisters," Capt. D. L. Larkin, is plying regularly between the landing below town near Shellville station and San Francisco. Until further notice, the "Four Sisters" will leave the landing for San Francisco, on Mondays, Wednesdays and Fridays of each week.

Save freight, money and get more for your fruit by shipping on the schooner. For particulars as to rates, etc., apply to Capt. D. L. Larkin, Shellville, or W. D. Heryford, agent, Mission street wharf, No. 1 San Francisco.

FRIDAY, AUGUST 14, 1908

The sentiment that the fight for the Superior Judgeship should be as far removed from politics as possible is growing very fast in this county. This is as it should be. A candidate for Superior Judge should not be compelled to make a campaign for office.

ENTHUSIASTIC MEETING

The largest and most enthusiastic meeting of the citizens interested in the grand celebration and dedication of the new City Hall was held in the Trustees rooms in the hall yesterday evening.

The meeting was primarily called to hear the reports of the chairmen of the various committees having in hand the different features of the big event. Encouraging reports were given by the finance committee who are meeting with liberal contributions on all sides. Everything points to the biggest and best celebration ever held in the historic old town of Sonoma.

Reports from at road justify the estimate of 3,000 visitors here on Admission Day. Elaborate preparations are being made for the comfort and entertainment of the visitors.

The first on the program will be a grand parade. Substantial cash prizes will be given for the best floats in the different classes.

The Board of Trustees constitute the dedication ceremonies committee and that feature of the day will be highly entertaining. Several beavers will be barbecued, and the tables erected in the Plaza. The menu for the barbecue will consist of barbecued steer, beans, bread and butter and coffee.

The horse races in the afternoon will be the best ever, and that's saying they'll be great. It is intended to have two brass bands to furnish the music during the day and the orchestra will furnish music for the grand ball in the evening.

The railroad company will give an excursion to Sonoma on Admission Day at greatly reduced rates. The people of the entire Valley are taking a lively interest in the big event, which will eclipse anything of a similar nature ever given here.

Celebration Notes

All roads will lead to Sonoma. The Northwestern Pacific Railroad Co. will run a special train to Sonoma on Sept. 6th in order to accommodate the big crowd who will take in the celebration here on that day. Fare for the round trip from Santa Rosa will be \$1.00.

Sonoma Valley Republican Club

A largely attended and enthusiastic meeting of Republicans was held in the hall over Mullen's Store in El Verano Monday evening. The gentlemen present decided to organize and took the name of Sonoma Valley Republican Club. All good Republicans in that section are invited to join the association. The Club named J. K. Bigelow and L. L. Lewis for delegates to the coming Republican County Convention. These two were elected at the primaries held Tuesday afternoon by a vote of 31 to 21. Their opponents, were John Lounibos and H. P. Mathewson.

The Club passed a resolution asking the County Central Committee to investigate the action of the central committee for Agua Caliente precinct, who it is alleged is supporting a prospective candidate for the Democratic nomination for Supervisor.

Mid-summer sale at the Sonoma Racket Store.

University Farm.

The little town of Davis will be filled with enthusiastic farmers next fall when the Short Courses are on. Grain growers, dairymen, stockmen, horticulturists, vineyardists, poultrymen and creamerymen are all looking forward to the good things in store, and fully 200 of them are expected to be present.

Those Farmer's Courses in Agriculture are the grandest thing in educational line that has ever struck the state. There are five different courses, and so arranged that every man, no matter what his line in agriculture, can find something he needs. It means dollars and cents to him to attend, even if for not more than a week.

Send in your application early, or, if you want to know more about it drop a postal to the University Farm, Davis, California, for more information.

Engagement Announced.

The engagement is announced of Miss Janet Gowans, daughter of Mr. and Mrs. A. Gowans of Agua Caliente and Mr. Wm. S. Lindley of San Rafael.

The fair bride-to-be is very popular in this valley where she has resided for many years. The intended groom holds a responsible position with the Northwestern Railroad.

The wedding will take place in the near future at the home of the bride's aunt, Mrs. J. E. Byrne in San Rafael.

The many friends of the contracting parties extend congratulations and best wishes.

Rigoni Still Lives.

Giacomo Rigoni who was so seriously stabbed near his home one week ago Monday night, is still alive at Leix Sanitarium and hopes are now entertained that he may recover. If he does, it will be one case in a thousand where a person with a hole cut in his stomach, another in his lungs and his liver and gall bladder carved, has ever survived. Louis Leo is still in the county jail awaiting the result of Rigoni's injuries.

Had Fine Time.

R. J. Dowdall and family of El Verano have returned from a month's vacation at Dillon's Beach, where they had a most enjoyable time. They feel greatly refreshed from their outing. They reported fishing at the beach as being splendid. The party was especially lucky in catching halibut weighing from 30 to 120 pounds. We are very glad that Mr. Dowdall was such a good fisherman, as we greatly enjoyed a part of the results of his skill, namely, a fine piece of one of those halibut, thanks, Friend Dowdall, you have our permission to go fishing as often as you please.

Time Table Changed.

Remember the time table on the Northwestern R'y has been slightly changed and the changes are now in effect.

The morning train from the city now reaches here at 10:43, and the afternoon train to the metropolis leaves this city at 3:36 P.M. instead of 4:02.

There is also an extra train on Sundays, leaving San Francisco at 9:10 A.M. and arriving in Sonoma at 11:38 A.M. This train leaves Sonoma for the metropolis at 6:31 P.M.

Mrs. Porter Dead

Mrs. Candace A. Porter, beloved wife of the late James A. Porter, and mother of George K. Porter, passed away in San Francisco last Thursday. Deceased was formerly a resident of this valley and will be kindly remembered by the early pioneers. She was 78 years, 11 months and 27 days old at the time of her demise. The funeral services took place Sunday last in the metropolis. The remains were cremated at I. O. O. F. cemetery there.

Given a Chance

Justice Small suspended sentence on a man by the name of Thompson, a rancher on Sonoma Mt., who was convicted of malicious mischief in his court. The man was thus given another chance to behave himself.

Mrs. Dorn Dead.

Mrs. Annie Dorn, mother of Mrs. W. R. Stammers formerly of this city, passed to her heavenly reward in a Fresno Sanitarium on July 19th last and was tenderly laid to rest in the cemetery there beside her late husband and father.

Death followed a surgical operation after several months of serious illness. Deceased was nearly 60 years of age at the time of her demise.

She leaves two sons and three daughters, besides other relatives, to mourn the loss of a noble good woman and mother.

Narrow Escape.

Tuesday morning early Mrs. L. D. Batchelor discovered a fire in her vineyard at the ranch west of El Verano and immediately summoned the neighbors to assist in putting out the flames. Everybody in the vicinity turned out and fought fire until the flames were subdued.

Had Mrs. Batchelor not discovered the fire in time, it is probable that great damage would have been done to the Batchelor place and adjoining ranches. As it is Mrs. Batchelor's loss will be considerable. The origin of the fire is a mystery.

Famous Grove Sold

The Armstrong grove of redwoods, near Guerneville, has been sold to H. M. LeBaron, the Valley Ford capitalist. It is the intention of the new owner to build a mill on the property and reduce the beautiful grove of noble trees to a lumber pile. Spasmodic efforts have been made in the past to have the State acquire this grove, but nothing has come of the negotiations. Mr. LeBaron, however, would dispose of the property to the State as he purchased it as an investment.

The New Parsonage.

At a meeting of the Board of Trustees of the Congregational Church in this city it was decided to proceed to build a parsonage for the pastor and his family.

Bids were opened for the construction of the parsonage and Jos. B. Small was awarded the contract. Work on the new home will commence immediately.

The Congregational Church are to be commended for their thoughtful enterprise in building a home for the worthy pastor and his family while engaged in the noble calling of doing good. The new home will be greatly appreciated, especially as the salary that the church is able to pay is long ways from being munificent.

Phil Redmond Will Live

The "boys" on the Northwestern Pacific railroad are coming forward heroically and giving portions of skin to assist nature in restoring the health of Phil Redmond, the injured fireman. Redmond is doing nicely under this treatment and will recover. Twenty-four railroad men appeared at the Cottage Hospital on Tuesday and submitted to the painful operation of having a portion of their skin removed to supply grafts for Redmond.

Since the accident the unfortunate fireman has been lingering between life and death at the hospital. The attending physicians say it is a marvel that the young man has survived, as the skin is burned from his limbs and face. The left arm and face are almost healed, but the right arm and leg were so badly burned that the doctors found it necessary to call for volunteers. Republican.

Lucky Fishermen.

The large number of guests at Shellyville-Embarcadero Resort, Tony's Place, are enjoying great sport and having phenomenal luck in catching fresh and salt water fish in that vicinity.

It is reported that the finny tribe is being brought in by the sack full. Everybody catches fish, some more than others. You're invited to go down and try your luck. Tony will make your visit a pleasant one.

Eggs Are Eggs.

As high as 33 1/2 cents was paid for eggs the first of the week. This is said to be the highest price paid for eggs this time of year for a long time. Eggs are eggs, these times and poultrymen naturally feel jubilant.

Republican Delegates.

Last Tuesday afternoon the Republican Primaries were held throughout the state for the selection of delegates to the various county conventions which will nominate local and legislative candidates.

The Lincoln-Roosevelt League party seems not to have developed sufficient strength as yet and the machine will control in the future conventions. The two factions were not an issue in this valley.

Those chosen by the Republicans in this valley to represent them in the next county convention are as follows:

Sonoma Precinct—L. Breitbach, A. Baretta and R. A. McDonnell.
San Luis Precinct—Chas. R. Potter and N. R. Knight.
Agua Caliente Precinct—J. K. Bigelow and L. L. Lewis.
Glen Ellen Precinct—A. M. Hardman, Thos. King and Harry Weise.

Injured by Fall

Skeldon Glaister, the Broadway grocer, is on crutches on account of an injury to his knee, the result of a fall from his bicycle some time ago. He is feeling better to-day.

Gen. Wagner Sues.

Gen. Theodor Wagner, of Glen Ellen, formerly Surveyor-General of California, and now proprietor of the popular "Casa Wagner" resort near that town, has brought an injunction suit in the Superior Court against M. Bianchi to restrain him from diverting the waters of Yulupa creek from their natural channels. He also asks for \$1,000 damages on account of the diversion of water so far made.

Notice to Contractors.

The Trustees of El Verano School District hereby solicit bids for the construction of a school house on the school lot of said district in Sonoma county, according to the plans and specifications thereof now open for inspection at the office of T. H. Baines in El Verano in Sonoma county. Sealed bids for the construction of said building may be left with Joseph Revie, Clerk of said Board any time prior to 12 o'clock M., on the 24th day of August, 1908. The bids will be opened within five (5) days after the said Board has received notice that the said bonds have been sold. Said Board reserves the right to reject any and all bids. Each bid must be accompanied by a certified check payable to Joseph Revie, Clerk of the Board, for ten per cent of the amount bid, as a guarantee of good faith to enter into a contract with the Trustees within ten days.

AN IMPORTANT SALE

Next Saturday, Aug. 15th

We will place on sale 2,396 yards of fine Cambric embroideries at prices that only a firm having the advantages of six store buying power could offer. The lot consists of

Shirt and Corset Cover Embroideries, Edging and Insertion.

The widths run from 6 to 22 inches wide. The assortment consists of OVER FOUR HUNDRED PATTERNS put up in 5 and 6 yard lengths.

In order to give people who live out of town an equal opportunity to share these great values, we have decided to start this sale at 10 A. M. NONE will be reserved or sold before that hour.

While most customers will probably buy the whole strip (5 or 6 yards) we have decided to cut these pieces if requested—provided length to be left is not too small for practical use.

Such values as these don't come often, and it will probably be a long time again before we will be able to offer such low prices on goods of this character. It will pay you to anticipate your future wants. Every yard is priced from 1/8 to 1/2 less than its real worth. These are divided in 5 lots, priced as follows:

12 1/2c	values, Insertions and Edgings.....	8c yd
15-17 1/2c	" " " " " " " " " " " "	11c yd
20-25c	" Edgings and Shirt Embroideries	14c yd

How Nature Provides.

OUR BEAUTY, HEALTH AND HAPPINESS.

It is not possible if not probable that elements necessary for the body's health are contained in the native medicinal plants found in the earth, digested in the plant laboratory of nature and made ready for man or animal.

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as *Sanicula* or *Blue Cohosh* was known to the Indians as "Squaw root." Another, known to the Indians as "Rattleweed root," is used in modern medicine as "*Cimicifuga*."

Prof. King's American Dispensatory, an authority in these matters, says: "Our Indians set a high value on Rattleweed root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the root, alcoholic extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. "This, there is no mystery in the make-up of this famous 'Prescription.' The use of alcohol is

entirely avoided in its manufacture, chemically pure glycerine being found to preserve the medicinal properties even better than alcohol.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely contains no alcohol.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "Favorite Prescription" is made of such ingredients and after a working formula that has thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases peculiar to women because the earth supplies the vegetable ingredients.

Mrs. Mary J. Beard (Trained Nurse, Washington Hospital, of 1750th Street, N. W., Washington, D. C.) writes: "I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. An extract from the bottle said I began to improve with the first bottle, and gradually became better until I was entirely cured of the old trouble. Am well and can enjoy life once more."

Dr. Pierce's Good temper is a large matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken again. One Little Pellet is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists.

Pellets.

BREVITIES

Seventy thousand brook trout were recently released in the upper Feather River.

Sonoma county apple crop will be exceptionally large but the fruit is unsatisfactory in size.

About fifty million gallons of wine produced in this State during 1907. Less than one-fourth of this amount has already been distributed.

Lodi, San Joaquin county, is just establishing a grape juice factory which it is thought will take up a large quantity of the inferior grapes of that section.

The waters of Tulare Lake are receding rapidly and grain will be sown this fall on much land which for the last two or three years has been covered with water.

Refusal to be stampeded and sell fruit at ruinous prices has resulted in the growers of San Joaquin valley securing better returns than appeared at the opening of the season.

Forest rangers are proposing to make an example of every one who violates the forestry law which places a penalty of \$25 to \$500 for carelessness in starting forest fires.

Chronic Diarrhoea Relieved

Mr. Edward E. Henry, with the United States Express Co., Chicago writes, "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes, and William McKinley four years in the 23rd Ohio Regiment and have no ailment except chronic diarrhoea, which this remedy stops at once. For sale by L. S. Simmons.

Hatfield, the self claimed "rain-maker," has recently been telling how he secures the precipitation of rain.

Granulated Sore Eyes Cured

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." For sale by L. S. Simmons.

The Northwestern Pacific depot at Petaluma will be remodeled, and given an up-to-date front at once. Work on the structure will begin Monday.

What Is Best For Indigestion?

Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." "If troubled with indigestion or constipation give them a trial. They are easy to take and pleasant in effect. Price 25 cents. Samples free at L. S. Simmons' drug store.

Wise Talks by the Office Boy Repeated

Gee whiz, I'm scared. That is I don't mean that I'm afraid I'm going to get hit or hurt, but I mean that I'm surprised. You know that we sell the best dress-up suits for \$20 that ever hung out this side

of London town. Nobody can catch them, and I guess nobody tries, because they couldn't come to it in make, fit, quality or style if they tried ever so hard. And now here comes a case of dress ups so big that jake had to roll it in (couldn't tip it over), and certainly you would take them for twenty-five as far as fit is concerned (all pure worsted, every thread), and when we got them all laid out the boss came along and said, "Mark 'em all \$15." I came along just then and said, "Why is this?" And the boss said, "Because, William, when we have a sale, we do things." Gee! I hate that word "sale." It means skidoo for the profits and nothing reserved. Still right now and get an early pick at the good things in this sale.

A Crossed Trail

By CLARISSA MACKIE.

Copyrighted, 1935, by Associated Literary Press.

Pink Luscom rode out of the corral with slack rein and drooping head. Caro sat upon his broad shoulders and dangled the gonial light in his gray eyes. Cummings, seated on the doorstep of the bunk house, hooted derisively at his mate.

"You look like you was goin' a-courtin', Pink," he grinned.

Luscom turned a scowling brow as he slapped the rawboned sorrel with a bronzed hand.

"Drop it!" he growled crustily.

The sorrel struck a long, swinging gait, and presently horse and rider disappeared beyond a rise of ground, only to reappear in gradually diminishing perspective until suddenly they vanished altogether.

"What's the matter with Pink?" asked Rozzy Jones in constrained tones from within the bunk house. "He looks like trouble has got him good and plenty."

Cummings spread his hands about his knees and looked to and fro in an ecstasy of delight.

"He's going to see the Widder Todd," he chuckled.

Jones rushed to the door with razor in one hand and a lank cheek lathered from brow to chin. "The Widder Todd!" he gasped. "Why, what's he goin' to see her for?"

"He don't know—she sent for him this mornin'," returned Cummings mischievously. "I expect Pink overreached himself 't'other night at the dance. Miss Hennie Porter, she wouldn't look at Pink all the evenin'." She was dancin' and flirtin' with a long cheeked, fair eared jackass, and poor Pink he set up to the Widder Todd and courted her most particular all the evenin' with one eye on Miss Hennie and you, and I reckon that he said some serious thing to the widder—kinder absent like."

"Widder Todd wouldn't look at Pink Luscom," snorted Jones irritably. "Seems like she looked at him considerable 't'other night and enjoyed it sufficient to send for him this mornin'," drawled Cummings.

Jones disappeared, and there was the sound of vigorous and renewed scraping of his leathern cheek. Doc Cummings was lighting a cigarette with trembling fingers. "There's only one thing to do, Rozzy Jones," he said solemnly. "Just don't cross my trail, and I won't cross yours. The widder, she don't want to talk about nothin' but Rozzy, while Miss Hennie and me uster hit it off first rate, and I reckon if you'll just move aside I'll pike along up to Porter's."

Jones grinned happily as they passed one another, and as each disappeared in a cloud of dust along his own particular trail two brown hands were waved in friendly farewell.

When he heard the news Doc Cummings waved a deprecating hand. "What else could you expect from fellows that wore white wing collars and crisscross baby blue neckties?" he asked.

All He Lacked.

A pitcher belonging to a professional baseball club, who thought he was not getting his share of the limelight of publicity, went one day to the captain and manager to make his "pitch." Being of a somewhat choleric disposition, which had got him into trouble more than once, he spoke with feeling. "Cap," he said, "you're not giving me a square deal, and you know it."

"What's the matter, Bill?" "You know what's the matter, cap. I haven't been in the box for three weeks. You know I can play ball. I've got every outcourse, insheet, upshoot and drop there is in the business. I've got everything that any other pitcher has. I can put on speed, and I can send 'em in slow. I can get 'em right over the plate every time I want to. Haven't I got as good control of the ball as any fellow you know of?"

"Yes, Bill," said the captain. "you have. When you get as good control of your temper as you have of the ball I'll use you, all right. Don't you be uneasy about that, Bill."

Bill went away deep in thought, and it was not very long after that conversation that he "got into the game" again.—Youth's Companion.

Two Ugly Snakes.

These two snakes, the hamadryad and the cobra, cause the great annual death roll of India from snake bite, about 22,000 people last year. One reason for this great death roll is that Hindoos and Buddhists will not kill the snakes, as it is against their religion to take life. The cobra will go away from you usually, except in the nesting season, and then he will attack you on sight if you disturb him or his mate. It is at this time that so many deaths take place among the Malays and Siamese, as it is coincident with the rice planting season, and the peasants are busy at work in the rice fields. The cobra will bite under water, and many people are bitten on the foot or heel while planting rice. Death usually takes place in an hour or less. I have known a large buffalo to be bitten and die in fifteen minutes. It must have been bitten directly in a vein.

In the Malay peninsula and in Siam no one ever walks abroad at dark without a lamp or torch, as it proves almost suicidal to do so.—Medical Journal.

"How'd you get here, old man?" "In my airship."

"Road good?"

"Cloudy."—Puck.

Anxious.

Sick Man (who is a collector of coins and also very rich)—I made out my will today, Reginald, and left you my collection of coins.
